

Open Day 3rd February

2017 has come & gone. Over a thousand toys were made and given to those with a need. Club members set themselves many goals and achieved them. The committee has worked tirelessly to improve the club.

Key Dates

Club Opening	29 th January 18
Open Day	3 rd February 18
Bunnings BBQ	9 th February 18

In fact the committee is planning to start 2018 with a bang and conduct for an Open Day.

The aim of the Open Day will be to attract new members to the club by showing who and what we are.

Starting at 11am & finishing at 3.00pm, a number of demonstrations & exhibits are planned. Families are welcome.

To attract passers by, the committee has organised approx 50 cars from the Classic Car Club to be on display in the area between the workshop & Boneo Road.

Woodturning demonstrations will be conducted throughout the day. There will be a demonstration on picture frame making as well as a session on Intarsia. Intarsia is a woodworking technique that uses varied shapes, sizes, and species of wood fitted together to create a mosaic-like picture with an illusion of depth.

Volunteers are required on the day for a variety of jobs. Contact John Bayliss, Greg Millar or Colin Dobson if you are able to help.

Hopefully you will see flyers around advertising the day. Nevertheless **your help is needed to promote the day** far & wide.

Best Clubman

Figure 2 VP Rob Bew presenting Ewan with the Best Clubman Award

At the Christmas lunch Ewan Bennett was presented with the club's inaugural Best Clubman Award.

Over the years Ewan has been a major contributor of the Wednesday's toy team. Always cheerful, friendly & helpful, Ewan was not limited to Wednesdays as he & a couple of mates made toys throughout the week. He often entertains by writing verse & sharing it with his mates each week.

Congratulations Ewan. Your name is now on the club's honour board.
