

WoSP Member Survey

The Woodworkers of the Southern Peninsula has grown enormously in recent years. The accommodation & availability of machinery is now first class. Membership has also increased so that now it is over 100 with 50-60 members attending each week.

The committee has managed this growth but is now asking for your input as to how the club can be better service its members

Your thoughts and ideas do not have to be restricted to the questions asked on this survey. The space below is available for you to make additional comments.

It is not necessary to put your name on the survey but if you think your idea should be discussed further please add your contact details.

Completing the survey assists the committee in improving the club. Ratings 1 = Low 5 = High

Can you suggest other toys that could be made for children?		

WoSP Shop: To save making trips to Carrolls, Carbatec, Pop's Shed or other suppliers the committee is considering opening a shop to make available consumables to members.

If an item is not in stock the committee could advertise to see if any other members are interested in purchasing the item and then make one order from the supplier.

A recent trip to Carbatec from Mornington took an hour each way. So a shop will save you time and money.

There are 11 Men Sheds on the peninsula. They all have the same need for consumables as we have. The Committee aims to advertise the WoSP Shop availability.

Additionally the shop will sell member product. Many items make excellent corporate gifts. Consequently the committee will aim to be known to businesses in the area as a source of these gifts.
